

Solesta® Ordering Guide

ABOUT SOLESTA

Solesta is a biocompatible tissue bulking agent injected into the submucosal layer of the anal canal. Solesta is made from two tissue-friendly polysaccharides, hyaluronic acid (HA) and dextranomer (Dx). The HA in Solesta has been used for over two decades in more than 50 million procedures in men, women, and children worldwide.¹

ORDERING SOLESTA

Solesta is available exclusively through AmerisourceBergen.

Account Setup – Current AmerisourceBergen customers can order Solesta through their existing AmerisourceBergen channel, referencing the item #'s below, or directly through their customer portal: <https://abcorder.amerisourcebergen.com>

For new customer support and account setup, please call the Palette Life Sciences Customer Experience Center at 844-822-7744 or contact AmerisourceBergen's business unit, Besse Medical, directly.
